LANDMARK: RESTAURANT NEWS!

The Landmark Inn restaurant, whose eclectic menu, impeccable food, and comfortable ambiance have set the North Shore's standard for excellence in casual dining since 2001, will open a second location at the golf course sometime this summer. Stay tuned for grand opening details!

OUTDOOR RANGE

Our new outdoor range is finally nearing completion. We appreciate your patience while we undergo this renovation. We hope to have the range available for use sometime toward the middle of this summer.

The new outdoor grass range will include more hitting bays, turf bays to hit from when the ground is wet, new automated ball machines, the latest Top Tracer technology to provide swing data and a south-to-north orientation so you are not hitting into the late afternoon sun. We will keep you up-to-date on our progress as the season progresses.

GOLF COURSE UPDATES

The 2025 season will see a change in hole order on the golf course. We are going back to the original design of the golf course architects, Tim and Dick Nugent.

New signage is in the works to help you find your way next year. We think you are going to love our new loop!

We have added yardage markers to all holes, with the exception of the par 3s. You will see these yardage markers on everything closer than 275 yards. We have also added pace of play clocks to holes 1, 4, and 7. The clocks are intended to be a helpful reminder of where your group should be on the golf course.
